

Lavender Ink Studio

Calligraphy Workshops

About Us

Lavender Ink Studio started in 2020 out of passion for calligraphy.

This meditative form of art has been truly helpful in lockdown when stress levels were high and there was no place to vent out.

Having learnt from experts in this field, and practiced days together, we are happy to offer a variety of workshops other than services to all those interested in learning in depth calligraphy.

We hope you benefit the most from these workshops and excel in it !

Calligraphy Workshops

Faux Calligraphy.

Easy to do calligraphy on any surface
